Dear John:

Yesterday I spoke with Dr. Alice Huang who is the new president of the American Society for Microbiology. The ASM officially supports the BW Convention and according to her, thereby also supports Article IV. She has spoken with the staff officers of the ASM about this and suggests that you now contact the ASM Chief Executive Officer Michael Goldberg. Bob Watkins, on Goldberg's staff, deals with the Congress. You will find the ASM in the District telephone directory. Their building is on I St. Dr. Wang said to use her name. Let me know what happens.

Sincerely yours,

Matt.
