Massachusetts, U. S. A.

Dear Prof. Meselson:

I have the pleasure to invite you as a guest speaker at the First International Medical Congress on Chemical Warfare Agents in Iran, which will be held on June 13-16, 1988, in Mashhad, Iran.

I would be very grateful if you could give us a lecture on any aspect of chemical warfare agents. An application and abstract forms are enclosed. I would appreciate it if you would send the completed application form as soon as possible in order to facilitate obtaining your visa to Iran. Since the abstracts of the papers will be published before the congress, I would also be grateful if you would send the abstract by the end of March 1988.

The Congress will pay your travel expenses and provide accommodation and hospitality in Iran.

I look forward to hearing from you at your earliest convenience.

Yours sincerely,

*M. Balali*
