Dear Matt:

Thanks so much for the excellent presentation you gave at the Council on February 15th. As I'm sure you could tell from the lively discussion period that followed, the audience found your remarks both stimulating and thought-provoking. I hope your ears are burning from all the warm applause we continue to hear about the substance and style of your analysis. We could not have had a better or more perceptive teacher.

We appreciate your having taken time from your busy schedule to be with us. It's always a pleasure for us to have you participate in Council activities. Hope our paths cross more frequently in the months to come.

Cordially,

Alton Frye
