615 North Wolfe Street
Baltimore, Maryland 21205

Dear Roger:

It is good to hear from you. I have enclosed three issues of a quarterly bulletin edited by Julian Robinson and me and intended to provide easy access to information about the Chemical Weapons Convention being negotiated in Geneva. In order to receive future copies please write to the Federation of American Scientists, as indicated on the back page of the Bulletin. I would very much like to hear your thoughts on the subject.

Warm regards,

Matthew Meselson
Professor of Biochemistry
and Molecular Biology
