Dear Matt,

Thank you very much for participating in our T.V. program, "America's Defense Monitor." Your wise comments have increased the understanding of our growing audience on a very important subject. I will be sending you a VHS copy of the program you helped us with.

Several hundred cable and PBS stations broadcast "America's Defense Monitor," and viewer response has been enthusiastic. Here in Washington, WHMM (Channel 32) broadcasts the program on Sundays at 3:00 PM and Thursdays at 11:30 AM.

CDI has been collecting, analysing and distributing military appraisals for 17 years. "America's Defense Monitor" is the most effective project that I and the other retired Admirals and Generals associated with CDI have undertaken.

The TV series, now in its second year, is available nationwide on satellite to hundreds of cable stations; 30 Public Broadcasting Stations; and to 106 cable stations on the Catholic Telecommunications System. New stations join us every day and the response from individual viewers has been overwhelmingly positive.

Again, thanks for your cogent and thoughtful contribution to this important dialogue.

Very sincerely,

Gene R. La Rocque

 Director
