Dear Matt:

Thank you for sending me your paper on "Prospects for a Chemical Weapons Disarmament Treaty". I had somewhat lost track of where the effort stood. Your summary provides good news indeed. We are all in your debt for years of sustained battle on this front.

Maggie and I would love to see you again. Our new telephone number (in Old Town, Alexandria, close to the airport) is 703/549-9226.

Best wishes,

Richard
