

Constable

March 27, 1990

John D. Constable, M.D.
Ambulatory Care Center 453
Massachusetts General Hospital
Boston, MA 02114

Dear John:

Egypt, Muscat, Vietnam -- will I ever see you again?

About your letter of 2 March, the only thing I can say with even a thread of authority is that Ilya is more probably a he.

Professor Tsyrllov's subjects could well be of interest to people at the Harvard School of Public Health, particularly in the Department of Toxicology. Its chairman is Dr. Armen H. Tashjian. His telephone number is 492-1177.

When?

Warm regards, as ever,

Matthew Meselson
