Vienna, 18th June 1990

Dear Prof. Meselson,

I thank you very much for sending me the application forms for the Civil Engineering at KSU. After completing the required documents, I shall forward these application forms to KSU. I have no further questions for the time being.

Thank you also for the photograph. I am sorry to say that I have no plan to be in Geneva for the period June 29-July 2. It would be of great pleasure for me to host you in Vienna.

Best wishes.

Rahim A. ALKITAL
