Professor Matthew Meselson
Department of Biochemistry
363 Biochem Office
Harvard University

Dear Matt:

I would like to invite you to renew your affiliation with the Center for Science and International Affairs as a Harvard Associate for the 1990-91 academic year.

As you know, the Center's Harvard Associates are invited to participate in various CSIA seminars, conferences, and social activities. They receive our monthly calendar of events and certain publications. And they are listed in our directory of fellows and affiliates.

I hope you will be able to accept my offer; I believe our fellows would benefit greatly from the opportunity to interact with you. Please let me know by September 12 if you can accept.

Sincerely,

Ashton B. Carter
