Dear Dr Hugh-Jones

I very much enjoyed
talking with you last
week and look forward
to doing so again.

Here are three items
for your possible
interest. Needless to say,

I would be glad
to have any comments.

Also, if you have anything
ready to hand that

documents the Paris-Meth/
Wickham-Steed matter,

I'd love to see it.

The next step would
be for me to press
it along to Jean Mayer,
whose father Andre
was involved in
the episode and who
may know more.

Finally, I wonder what
if anything was ever
published about the
Newcastle outbreak we
spoke of that would
suggest an inadvertent
origin. Sincerely, Matthew
Meselson
