Dr. John P. Carrico
Office of the Secretary of Defense
The Pentagon, Room 3C120
Washington, DC 20301-3050

Dear Dr. Carrico:

I very much enjoyed hearing your presentation at the CRDCE Scientific Research Conference yesterday. I enclose for your possible interest the text of a talk recently given here by Johan Molander of the Swedish CD Delegation. I also include three papers I have recently written on related subjects.

If it is not too much trouble, I would appreciate receiving a copy of the bibliography to which you referred in your talk and the vignettes you showed with the USG organizational structure dealing with chemical treaty matters.

As I mentioned after your talk, we would be delighted to have you visit and give a presentation to our CBW colloquium at the Kennedy School. Please let me know if an opportunity arises in your schedule.

Sincerely,

Matthew Meselson
Professor of Biochemistry
and Molecular Biology
