Fairchild Biochemistry Building
7 Divinity Avenue
Cambridge, MA 02138

Dear Matt:

On behalf of the AAAS Program on Science and International Security, I would like to thank you for your interest in the AAAS Hilliard Roderick Prize in Science, Arms Control, and International Security. Unfortunately, the candidate you nominated, Dr. Robert Mikulak, was not selected to receive the prize for 1991. Given the quality of the nominations, the Selection Committee had a most difficult task in selecting one awardee from a number of outstanding candidates.

Your nominee's file will be retained for one year. If you would like to reactivate that candidacy in next year's competition, please submit another nomination letter before the deadline for receiving nominations for the 1992 award (September 16, 1991). Of course, updated reference letters and other supporting materials can be supplied and are encouraged.

Once again, thank you for your interest in the AAAS Hilliard Roderick Prize in Science, Arms Control, and International Security.

Sincerely,

W. Thomas Wander
Director

Mikulak
