Dear Professor Meselson,
Firmly Hills.

It was a pleasure to have met you last month during your visit to Southern California.

Under separate cover, I will send you material on Mustafa Tlas and his antisemitic writings as well as a copy of our latest study related to Iraq entitled The BNL Blunder.

Professor, I would be most appreciative if you could be of assistance in the following matter. As you may recall, I mentioned a concern that many of us have over a contract signed by Baxter International (the world's largest supplier of hospital related goods) and the Syrian Military. We are specifically concerned of the potential dual-use of the water filtration system slated to be installed. Baxter has agreed to allow an expert designated by the Wiesenthal Center to review the technologies and equipment slated to go into this plant and to allow that person to visit a Baxter plant were such equipment is already functional.

Could you help identify an appropriate expert we could approach?

Sincerely,

Abraham Cooper (SG)
