Dear Dr. Lotens:

It was a great pleasure to visit with you earlier this month. To my embarrassment I seem to have lost the security badge but will keep looking for it.

The report you asked about in your E-Mail communication is:

Combined Arms in a Nuclear/Chemical Environment. Phase IIB (Battalion Level) Force Development Test and Experimentation. RCS ATTE-3. Final Report. HQ TEXCOM Combined Arms Test Center, Fort Hood, TX. 1032pp. Requests to HQ TRADOC, ATTN: ATCS-D, Fort Monroe, VA 23651.

I will keep in touch.

Sincerely,

Matthew Meselson
Professor of Biochemistry
and Molecular Biology
