Vice President  
Washington Director

March 5, 1991

Dear Matt:

Thanks for your kind note about the Stimson Center/Wilson Center presentation. (As your office knows, it just arrived, after making its way to our old address at Dupont Circle and back to you). I, also, am proud of the good work Michael has done, and it was good to have you there for the sessions.

Let me thank you also for your fine articles and papers on the prospects for a CW treaty and related matters. We are all in your debt for the education and the leadership you have provided on this question. Maybe, at long last, it will prove possible to harvest a useful accord.

Hope to see you again very soon.

With warm regards,

Cordially,
