Geneva, 11 March 1991

Dear Matthews

Dear Participant

As the deadline for our research report on measures to strengthen the BW Convention is approaching, we would like to remind you that we can only consider those comments on the draft that reach us until Monday, 18 March 1991. We would be very much obliged if you could read the draft carefully and send us your remarks. (You may, of course, send them by telefax -- see letter-head).

Thank you in advance for your effort.

Yours sincerely
