Dear Shirley:

Julian and I want to thank you again for attending the Harvard/Sussex Program Advisory Board Meeting in Washington, DC. We felt that the meeting was a splendid success.

To satisfy the Harvard Accounting Department's reimbursement procedures, I ask that you send me whatever remains of your airline ticket and boarding passes, and also a letter describing the expense incurred. The Department requires this in order to substantiate the need for the check that we gave you for airfare.

Sincerely,

Matthew Meselson
