Dear Matt,

In the haste after we discovered how long we had chatted over lunch, I did not have time to thank you for playing host. I trust I will have the opportunity to reciprocate in Falmouth this summer on "Tiger Three". We are located at MacDougall's Boat yard, just across the harbor from the Flying Bridge restaurant. You take the last turn on Rte 28 in Falmouth before the highway heads North again; i.e., turn left between the Bank of Boston office and Kappy's Liquors - onto Falmouth Heights Road (towards the Island Queen ferry), and about 1/4 mile after that turn right onto a short dirt road just past the BOATYARD Condominiums and opposite the Falmouth Heights motel, to drive into MacDougall's. Do stop if you happen to drive by, but since one facet of living on a boat is going to sea, it would be better to call first (508) 540 8936. Given a nice calm day you, and your family might enjoy a run over to the Black Dog in Vineyard Haven for lunch with us.

Enclosed are a copy of a chapter I wrote on "Heat Stress in Industrial Protective Garments", which applies equally to the military problem, and a copy of a chapter on the first use of chemical agents in WW I which I mentioned.

Cordially,

Ralph
