Dear Dr. Lundin:

As requested, you will be receiving papers from Laura Holgate and John Moon. Professor Meselson will be mailing to you a summary of various presentations given during a recent conference, "The Kuwait Oil Fires," held at the American Academy of Arts and Sciences and sponsored by various UN organizations and the Harvard School of Public Health. In addition, he will send you a comprehensive report of the Conference in El Escorial, Spain, and a copy of the paper he presented there.

Sincerely,

*Barbara Ring*

Barbara Ring  
Staff Assistant to Matthew Meselson
