Dear Mr. Asim:

It was a great pleasure to make your acquaintance in El Escorial. I trust that by now you have received from the Pugwash Office the report of our meeting prepared by Robinson and me.

We have not forgotten our discussion of a possible meeting in Pakistan and after El Escorial did discuss it in Geneva with Ambassador Ahmed Kamal and Former Foreign Minister Agha Shahi who were both definitely encouraging. At the moment, then, we see such a meeting as desirable and probably possible but the problem is finding time aside from our academic and other duties to organize it.

Meanwhile, with very best personal regards,

Sincerely,

Matthew Meselson
