Switzerland

Dear Mr. Mashhadi:

Dr. Matthew Meselson asked that I contact you in connection with your interest in becoming a fellow at the Center for Science and International Affairs at the Kennedy School. Unfortunately, this year's application process has been completed, as applications were due January 15, and final decisions were made last week. I would encourage you, however, to submit an application for the 1993-1994 academic year. I enclose our fellowship announcement detailing the research projects currently underway at our Center, and listing the application procedures. Some of these details may change over the course of the 1992-1993 academic year, so you should contact Susan Fox, Director of Programs, next fall to receive an updated fellowship announcement.

I wish you success in your efforts in Geneva, and welcome any further questions you may have.

Sincerely,

*Laura S.H. Holgate*
