Switzerland

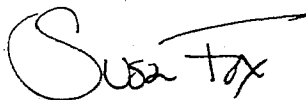

Dear Mr. Mashhadi:

I understand that you are interested in becoming a Research Fellow with the Center for Science and International Affairs during the 1992-1993 academic year. We would be very pleased to have you join us and you are welcome at any time, either in September for the fall semester or in January for the spring semester.

However, because of previous commitments, we are unable to offer you a stipend or other funding for your fellowship. Should you secure independent funding, support costs for a CSIA Fellowship are \$16,049 which covers office space, telephones, and related administrative costs.

Prof. Matthew Meselson speaks quite highly of you and I hope we will be able to welcome you to our research community in the near future. If you have any questions or wish further information please feel free to call or write.

Sincerely,

Susan Fox
Director of Programs
