Lois Ann Colaianni  
Director  
Library Operations  
National Library of Medicine  
8600 Rockville Pike  
Bethesda, MD 20894

Dear Ms. Colaianni:

Here enclosed is the book by Derizhanov which Dr. Lindberg kindly offered to have translated into English. So far as I know, this is the only substantial published work on the pathoanatomy of human gastrointestinal anthrax. Its availability in English will therefore be of considerable value.

Thank you for your help in this matter.

Sincerely,

Matthew Meselson  
Professor of Biochemistry  
and Molecular Biology
