Dear Ambassador Holik:

For your interest, I enclose a copy of the most recent issue of the Chemical Weapons Convention Bulletin. As you will see, it is intended to serve the specialist community of officials and scholars concerned with chemical and biological arms limitation. Our circulation office has entered a personal subscription in your name.

As we discussed on the telephone today, Julian Robinson and I would be most grateful if you could contribute an article for publication in the December issue of the Bulletin. Because of our publication schedule, we will need to have the text on or about Monday, December 7. Please let me know if this is agreeable.

Sincerely yours,

Matthew Meselson
Professor of Biochemistry
and Molecular Biology
