Dear Christine,

I spoke with Tom Wander today - told him I could not think of a better candidate -

If I understand his needs, the job requires both political and hardware expertise - or so it is thought.

Personally I think the problem is nearly 100% political, both on the supply and on the consumer side - and
D. a question of how

"advanced weapons" are used politically and in actual hostilities. Nevertheless, it might be good to give some thought to the proper focus on hardware issues before an interview with Tom.

Best regards
