Dear Don,

Thank you for your encouraging comments on the scheme Matt Meselson and I were putting to you for an international information project on CWC implementation. For your possible interest I enclose a copy of the latest draft of the proposal.

In which regard, I am keen to learn more about the five CWC awareness-raising seminars which ACDA arranged for US industry back in February and March. Might somebody in your office send me whatever releasable information there may be to hand?

Ideally, I would like to know when and where the seminars happened, and who gave the presentations. And of course I would also very much like copies of any briefing materials handed out to participants.

It was a real pleasure for me to meet you at last. I certainly look forward to doing so again -- maybe in The Hague.

Yours sincerely,
