CENTER FOR INTERNATIONAL AND SECURITY STUDIES AT MARYLAND

Dear Matt

I was sorry afterwards that I didn't slip twice  
sessions, and ask for us to talk a bit.

I'd still appreciate it if you could send me copies  
of the 2 FBI interviews by the Russian general  
that you named. Don't sure that you must have them  
at hand. And if you know of the names & locations of  
the 2 Chinese research institutes that the US alleged back  
in February, or March, ~~the~~ were doing BW R&D, can you  
send me those?

I was surprised, that since you had been able to  
meet that Russian general, & with your contacts from  
prior years, you weren't able to get in to visit any  
of the institutes — say, "Obolensk", or the one in Leningrad,  
or "Koltsovo"??; they apparently have had border of  
pharmaceutical firms visiting them?? I also thought back  
at what you said at your talk, that the US hadn't  
~~and~~ given the specifics — what, when, where — of its allegations of  
USSR BW violations. I would think that to a very minimal

degree - we have :

- (1) accused them of making, & keeping BW agent
- (2) The Sept 15 (or Aug 15, I forget) UK, US, Russian statement has the Russians admitting, in euphemistic language, to having had "experimental" production facilities
