Dear Matthew,

Just a note to check that you received my report of 19 May on the Regional DN Seminar in Bangkok. Also enclosed was my presentation and the account for my expenses on the trip. The mail between the East Coast of USA and Australia is rather slow, so you may have a letter en route right now.

I am in the rather painful process of selling this house and buying another. I'll let you know when I have the new address, but do not expect to move until September, so all mail should come here as usual.

I hope all goes well with you. My daughter Helen is through her chemotherapy, and everything seems to be returning to normal!

Best wishes,  
Shirley
