Dear friends,

referring to my last letter with the manuscript for publication
in the Chemical Weapons Convention Bulletin,
I am sending you with parallel mail the original manuscript
of the published article in the ASA Newsletter 44, 5 (1994) 1, 10-11
(because of considerable mistakes emerged in correct English
chemical nomenclature and numerical data, as well as of some
deformations in the sense during editing and printing), I quote
in the paper for the CWCB.

Looking forward to hearing on you

Yours friendly

Jiří Matoušek
