

Congress of the United States
House of Representatives
Washington, D. C. (20515)

October 22, 1963

Mr. Matthew Meselson
Associate Professor of
Molecular Biology
The Biological Laboratories
16 Divinity Avenue
Cambridge 38, Massachusetts

Dear Mr. Meselson:

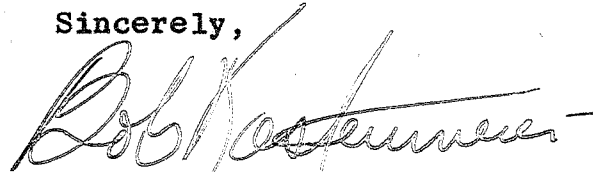

Thank you for your recent letter concerning background material with respect to chemical and biological warfare.

I do have considerable material, but only one copy of each item. I have made material available to several groups in Massachusetts, and you might be interested in working with these individuals.

My legislative assistant, who has followed this and who is more knowledgeable about my files on this subject, currently is on vacation. As soon as he returns, I will have him go through the files to see what material we may be able to make available to you.

With kindest regards,

Sincerely,

ROBERT W. KASTENMEIER
Member of Congress
