Hellow every one!

It was good to meet you during the weekend and discusses with you.

Due to personal and administration reasons (I have to look for another place to stay, a plae that will also accomidate my work and I have also to renew my identity card), it is necessary to have written conformation of our arrangements. Therefore, could you please fax me and if possible mail it as well, your understanding of the contract, duration of the contract and the amount of my numeration as soon as possible.

Coming back to our discussion of the weekend, it seems to me that we have a difficulty of communication (not only in technical sense) that may lead to misunderstanding. It could be advisable that I will go to Sussex and if possible to Harvard next year, so that we have the same wave of communication.

Have a nice day.

Yours Mitslal Kifleyesus
