

**Date:** January 23, 1996  
**To:** Dr. Matthew Meselson  
**From:** Richard Bargaen, MD, Medical Health Officer East Arctic  
**Subject:** Metal plate

Dear Dr. Meselson,

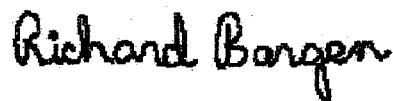

I appreciated the time you took to talk with me the other day. And I do realize this is a long shot.

This metal plate has been on my desk for months, so I thought, rather than getting photos of questionable quality, I would just send the plate to you... it's not very heavy and has been well-packed.

If all comes to naught and this metal fragment has to be mailed back, I will certainly reimburse your full costs, or prepay the mailing.

Thanks for your interest. Best wishes....

Sincerely,

Richard Bargaen, MD, MHO
