Re: Editorials about the Chemical Weapons Convention

Dear Senator Helms,

I hope that you are well.

Over the last nineteen months, our staff's research has identified 129 editorials by 84 newspapers supporting ratification of the Chemical Weapons Convention, and ten editorials by five newspapers opposing ratification. Attached is a package of seventeen pro-CWC editorials and one anti-CWC editorial retrieved since I sent you 122 editorials on March 12.

I hope that you find them to be of interest.

Sincerely,

*Wayne Jaquith*
