

Griffiths

27 January 1998

Charles H. Griffiths, Jr.
Captain, United States Navy
The Joint Staff Strategic
Plans and Policy
5105 Joint Staff
The Pentagon, Room 2E1008
Washington, DC 20318-5105

Dear Captain Griffiths:

Here is the draft treaty criminalizing chemical and biological weapons that I mentioned when we met at the Kennedy School a week ago. If you are interested in the potential application of international criminal law to the suppression of chemical and biological weapons, let me know and I will try to come by your office next time I am in Washington.

Sincerely,

Matthew Meselson
