24 March 1998

Dear Professor Meselson,

It is a great honour to be invited to participate in a meeting on the
International Criminalization of Biological and Chemical Weapons.

Unfortunately I will be busy at the indicated period because of former
engagements.

May I recommend that Professor Valentin Romanov, member of our
Chair of International Law, be invited to the event, Mr. Romanov is an expert in
the matter to be discussed at the meeting. If you take this decision Prof.
Romanov will come to the meeting. The invitation may be faxed to the above
mentioned number.

Sincerely,

Y. Kolosov
