Dear Henry.

Jeanne asked me to  
send you her book about  
the Sverdlovsk anthrax - as  
promised.

I do hope that you will  
prepare a memoir - even if  
only for your files - about  
the historic BW/toxin decision  
of 1969/70. Imagine what would  
have developed if the old offensive  
program had been maintained,  
placing the US in the position  
of having to justify and  
therefor legitimize biological  
weapons.

Seeing you again was the greatest  
pleasure
