Dear Matt,

Attached please find a list of education, job experience and some publications that I think would be helpful to those wishing to evaluate me in relation to the inspection job in the carribean. Thanks for your help.

Two more things:

1. What happened to the dinners after the colloquia? I though that that was an excellent opportunity to really get to know some of the speakers.

2. A while ago, I mailed you a package with goat's milk soap because Caitriona said that you could not find it in the US. I was wondering if that is what you were looking for, and if not, what it was you were looking for (I get fancy soap company catalogs and they have all kinds of stuff).

Regards,
Rocco
