Continuing Committee of the
Pugwash Conferences on Science
and World Affairs
8, Asmara Road
London, N.W.2
England

AT/cs

Dear Professor Rotblat,

I wish to thank you for your letter of March 9, 1965 with a kind invitation to me to participate in a meeting in Trieste 8-10 April of the Pugwash study group on biological warfare. I hope I can come and be present as an observer, in view of the task entrusted to me by the Executive Committee of the International Union of Biological Sciences. I had a very interesting discussion with Drs. Kaplan and Meselson in Geneva Febr. 2nd, and I am anxious that mutual contact is established.

Professor Hedén is at present in U.S.A. so I have not yet had an opportunity of seeing the papers you refer to. After receiving them and discussing the situation with Hedén I shall give you a definite reply. If I can not come I shall ask Hedén to inform me about the results of the meeting and to express some of my views on the matter.

Sincerely yours,

Arne Tiselius
