

Telephone memo

Seymour Hirsch called at about 3:30 November 4, 2010. He had spoken to someone who claimed to have seen files on me. It was said that:

- I had met with Marcus Klingberg. As I told SH I never had.
- I am grouped with Lederberg McIchan and Bob Gates as a skeptic about Soviet BW. (MacEachin)
- In Moscow it was said I was asked not to ask "tough questions."
- I am blamed for convincing HAK that BW should be renounced.
- I should meet with Joel MacCreary (McCreary)

SH will send me an email.
