Professor Meselson,

I told you at lunch that Denny Lane called me late last year and promised I would send you his telephone number.

The following are the telephone numbers he gave me last year: 202-647-8424 and cell-phone 202-390-9304.

FYI: My telephone caller ID revealed that the telephone number from which he called me was 202-728-0533. I believe that is a U.S. State Department telephone number.
