Dr. Mathew Meselson
Department of Biology
Harvard University
Cambridge, Massachusetts

Dear Dr. Meselson:

1. I sent some things to you at Venice, which had come from London. If you did not get them please let me know, and I will send you other copies.

2. Enclosed is a copy of the first letter, as I had promised you. I hope its manner will not incense you. My name is unknown, and this is the only way I feel I can do something usefull, by doing something in the way of ground work for others.

3. I sent the London Institute copies of Dr. Sidel's list. If you think I should stop what I'm doing, please tell me so. I shant feel bad, and will consider your judgement final.

4. I would however be very interested in the theme of your Trieste-Pugwash paper for one or two of the War-Peace Spotlight T.T.P radio programs. If your secretary would phone, I'll arrange a recording time, or would be happy to do so directly with you if that's simpler.

Sincerely,

Milton Leitenberg
