Subject: proposal review request
To: msm@wjh.harvard.edu

Dear Professor Meselson,

I am a program officer with the Air Force Office of Scientific Research (AFOSR). My program is Human Performance and Biosystems. I have attached the AFOSR Broad Agency Announcement (BAA) for your review should you be interested in learning more of what we fund.

I was given your name as a potential reviewer for a proposal I received from Professor Jocelyn DiRuggiero from Johns Hopkins University. The proposal is entitled: "Damage Avoidance and Repair Mechanism of Extreme Halophile to Ionizing Radiation". The abstract is attached as is a non-disclosure agreement (NDA) for your signature should you be available and willing to review this proposal. If you are willing to review the proposal, please return the signed NDA to me and I will send the proposal.

Thank you for considering my request. I look forward to hearing from you.

Sincerely,

Pat

Patrick O. Bradshaw, PhD
