Dear Professor Meselson,

You may recall that the Continuing Committee has asked for abstracts of papers submitted to the Pugwash Conferences. These will be used in the Pugwash Newsletter and if we have your permission, will be sent to the Peace Research Abstracts in Canada. I should be very grateful if you could send to us within the next few days a 250 word abstract of your paper A Proposal to Inhibit the Development of Biological Weapons. If you are unable to do this, would you please give us permission to write a brief abstract of your paper?

With regard to your paper Inspection of a Fissionable Material Cut-off, could you please let us know whether this has been published already, or whether it was written for the Venice Conference.

Yours sincerely,

Patricia
