Dear Doctor Meselson:

Thank you so much for your good letter of August 21 about my editorial on CBW. I appreciate your encouragement. Even more I appreciate your sending me copies of your article and particularly of the hearing before the Senate Foreign Relations Committee in which you took a major part. This is an excellent addition to my own small library on this most important subject. I am also anxious to tell you how much I appreciate your making the effort to testify before the Congress.

When I get a reprint of my editorial I will send one to you just for your own records. Thank you again for writing to me.

Sincerely yours,

J. Russell Elkinton, M.D.
