Dear Volodya,

Thankyou for your e-mail of yesterday.

The center you asked about is probably the following:

Transplant Resource Center
Suite 550
419 West Redwood Street
Baltimore, MD 21201

Telephone (410) 328-3626
Telefax: (410) 328-3117
(They have no telex, no e-mail.)

My assistant, Barbara Ring, spoke with the Director, Dr. Mark Reiner. His center both receives and provides organs but is authorized to deal only with US donors and recipients. There are numerous such centers in the U.S. A different center mentioned by Dr. Reiner that might (I am not sure) deal with donors and/or recipients not in the U.S. is:

United Network for Organ Sharing
Richmond VA
Telephone (804) 330-8500

We did not contact them. Let me know if you would like to have further information.

Jeanne and I are very grateful for your help with the questions we sent. Soon we should know more definitely about our hoped-for visit to Ekaterinburg.

As ever,

Matthew.
