Dr. M. Messelson
HARVARD BIOLOGY DEPARTMENT
Cambridge, Massachusetts

Dear Matt:

I have enclosed the promised bibliography on chemical and biological weapons. Also, I have taken the liberty to send along a proposal which we are submitting to ACDA this week.

Your comments on the proposal would be most appreciated. I would also be interested to learn whether you would consider consulting on the proposed project.

Thank you for thinking of me regarding the position with the Council for a Livable World.

If I contact anyone who is interested, I will refer them to you.

Hope to talk with you on my next visit to New England.

Very truly yours,

James C. Kellogg
