Professor Matthew S. Meselson  
Biological Laboratories A 409  
Harvard University  
Cambridge, Massachusetts 02138

Dear Professor Meselson:

Under separate cover we are sending to you the first installment of background material on the work of the Commission on the Year 2000. Another-- and much smaller--installment will follow in a week or so when we are able to obtain the material. If there are any additional documents that you would like us to obtain for you, or if you know of any pertinent material that might usefully be circulated to members of the Commission, please do not hesitate to let either Mr. Bell or me know.

In the meantime, I would like to remind you that the first meeting of the Commission will be held on Friday evening, October 22, beginning with dinner at 6:00 p.m., and continue through the afternoon of Sunday, October 24. The meeting will be held at the Brandegee House in Brookline.

I look forward to seeing you on October 22d.

Sincerely yours,

John Voss  
Executive Officer
