IN REPLY REFER TO

Sept 16, 1966

Dear Matt:

I recall you were interested in knowing who Colin McLeod's replacement would be. Dr. Iven Bennett, Chief of Pathology at Johns Hopkins is to fill the job starting next month.

Also, Peter Bing is now Director of the President's Commission on Health and Manpower. This, I assume, relates to whether we have enough doctors available for our needs.

Best regards,

Sincerely,

Lou
