Dear Mr. Boffey:

Following our telephone conversation, I enclose three items dealing with the status of tear gas and other harrassing agents in chemical warfare.

- 1) Pugwash CBW Study Group Paper directed to the UN Study Group, the ENDC, and national governments generally.
- 2) A memorandum concerning the status of tear gas under the Geneva Protocol.
- 3) Documents relevant to item (2).

I hope you find these materials informative. You are free to quote from them as you wish.

Sincerely yours,

Matthew Meselson
Professor of Biology
