Dear Joe:

Thank you very much for your most welcome and thoughtful letters of August 15 and August 27. As per your request the latter has been substituted for the former.

I appreciate your taking the time to set forth several of the very important questions and issues surrounding the subject of CBW which were discussed at the July 25 meeting. As you are well aware, the present study within the government is well underway. Your suggestions will be considered as the study progresses.

Once again, I appreciate your bringing these concerns and suggestions to my attention.

Warm regards,

Henry A. Kissinger

No stay in touch. As our discussions proceed I may check some of the conclusions with you + your colleagues
